MR. JOHN PEARSON'S STATEMENT.

In the spring of 1882 I was attacked with a very bad cough, which continued to grow worse until fall, when I got so weak that I could not get about. I tried a great many kinds of medicine but continued to grow worse. I was notified that I had consumption and would probably die. Dr. Iolloway finally told me to try Brewer's Lung Restorer. They sent to Ward's Store and got a bottle and I commenced taking it right away. After taking two or three doses, I began to improve, and by the time I had used up one bottle I was able to get on my feet again. I am now in excellent health. I am confident that the Lung Restorer saved my life and my neighbors are of the same opinion. It is the best Lung Remedy ever made in my opinion. Dr. H. promised me that he would write to the nanufacturers and tell them of the wonderful cure it made in my case.

Statement of Mr. Benj. F. Hearnond. Early in November, 1881, while sewing on the machine, my wife was taken with a severe pain in her side, which was soon ollowed by hemorrhages from her lungs and a severe cough. Fever commenced, she could neither eat nor sleep, and in a few weeks she was reduced to a living skeleton. The attending physician told me that he incught one of her lungs was entirely gone. She could not retain the most delicate nonrishment on her stomach. I then ourishment on her stomach. agreed with Dr. Sullivan, my family physician, to call Dr. Holloway in consultation. They made a final examination of the patient and pronounced the case hopeless. Dr. Holloway then suggested the Brewer's Lung Restorer as a last resort. I sent for a bottle and gave her a dose. I found that she could retain it on her stomach and after about the third dose, I began to notice some improvement in her condition. I continued the medicine regularly, and by the time she had taken two bettles, she was able to walk about the house. She is now in better the left, then she has an love to now in better health than she has enjoyed or several years. I believe that Ling estorer saved her life. We have a family
